## ARTS & CULTURE

### The Rockefeller Foundation

#### MAP Fund

##### Program:

In 1988, the Rockefeller Foundation developed the Multi-Arts Production (MAP) Fund to encourage proposals in the performing arts that reflected the boldest and most creative approaches to new work in contemporary art. The MAP Fund supports projects involving artists and organizations of high artistic merit exploring the dynamics of contemporary culture by giving voice to the full range of a demographically diverse society. The following are the goals of the Fund:

- ✓ To foster the creation and production of quality new work in the performing arts that explores the dynamics of contemporary culture;
- ✓ To support a diversity of artists and arts organizations.

##### Funds:

Maximum grant size: \$50,000.

##### Deadline:

March 29, 2002.

##### Eligible:

- ✓ Applicants must have a minimum two-year history of performing or presenting work in the performing arts at a professional level.
- ✓ All organizations which apply to the Multi-Arts Production Fund must have U.S. nonprofit status.
- ✓ Proposed projects must address the goals of the program.
- ✓ Proposed projects must be for a new work that has not been previously produced or publicly performed, except in developmental workshop stages.

##### Info:

The Rockefeller Foundation MAP Fund, Application Services Office, c/o Creative Capital Foundation, 65 Bleecker Street, 7th Floor, New York, NY 10012, Email: [rffmapfund@creative-capital.org](mailto:rffmapfund@creative-capital.org), Phone: (212) 852-8486, Link:

<http://www.rockfound.org/display.asp?context=3&collection=0&subcollection=0&DocID=487&SectionTypeID=16&Preview=0&ARCurrent=1#guide>

### National Endowment for the Arts

#### Cooperative Agreement for the Management and Administration of the Coming Up Taller Awards

##### Program:

The National Endowment for the Arts is requesting proposals leading to one (1) award of a Cooperative Agreement for the management and administration of the Coming Up Taller Awards. The Coming Up Taller Awards annually honor and bring public attention to approximately ten excellent programs that provide education and practical experience in the arts and humanities for at-risk children and youth. The organizations that receive Coming Up Taller Awards receive a grant award from the National Endowment for the Arts. The responsibilities of the successful recipient of the Cooperative Agreement will include assisting in various aspects of the award selection process, design and production of an award ceremony and related events, development and implementation of a media and public information strategy, and maintenance of a web site.

##### Deadline:

March 21, 2002.

##### Info:

William Hummel, Grants & Contracts Office, National Endowment for the Arts, Room 618, 1100 Pennsylvania Ave., NW., Washington, DC 20506, Phone: 202-682-5482, Link: <http://frwebgate.access.gpo.gov/cgi->

*Requests for the Solicitation should be addressed to the National Endowment for the Arts, Grants & Contracts Office, Room 618, 1100 Pennsylvania Ave., NW., Washington, DC 20506. Those interested in receiving the Solicitation package should reference Program Solicitation PS 02-01 in their written request and include two (2) self-addressed labels. Verbal requests for the Solicitation will not be honored. The Program Solicitation will also be posted on the Endowment's Web site at <http://www.arts.gov>.*

**FR:** 2/5 5319

## **CHILDREN & FAMILIES**

### **Smart Start**

#### **National Technical Assistance Center**

**Program:** Up to ten communities and/or states (to be referred to as "grantees") will be invited to participate in this grants program. In the initial phase, information will be obtained regarding the current status of the grantee's efforts to develop an early childhood initiative. Upon completion of the assessment, a technical assistance plan will be developed in coordination with key leaders of the grantee. This plan will incorporate the use of the resources available through the National Technical Assistance Center in meeting key goals. Upon reaching a mutual agreement as to the goals established in the technical assistance plan, a range of resources will be made available to each grantee including:

- ✓ Assistance from an on-call "coach" to work with the grantee to meet the goals of the Technical Assistance Plan.
- ✓ Access to a range of other consultants with expertise in particular components of Smart Start including the TEACH® Early Childhood Program and the WAGES® program.
- ✓ Access to staff and resources of the North Carolina Partnership for Children.
- ✓ Participation in a 3-day site visit to North Carolina to meet with Smart Start officials.
- ✓ Designation of a Smart Start local partnership as a mentor to the grantee.
- ✓ Attendance at the Smart Start Annual Conference by a 3-5 member team.
- ✓ Access to the Smart Start Speakers Bureau for use in conferences and special events.
- ✓ Receipt of numerous Smart Start publications.
- ✓ Access to technical assistance through the password-protected National Smart.Net web site and list serve.

Each of these resources will be provided in a manner that directly meets the needs of the grantee as they move forward in the development and implementation of their early childhood initiative.

**Funds:** Grants valued at approximately \$100,000+ in technical assistance.

**Eligible:** A state or local government entity or a nonprofit organization may request participation in the Intensive Technical Assistance Grants Program if they meet the following criteria:

- a) **Leadership:** There should be clear leadership and active support for the initiative by a top elected official in the community or state;
- b) **Community-based:** Whether the grantee is at the local or state level, the initiative should take an approach that allows communities to make the decisions for what is best for their children and families within the bounds of scientific research and best practice. For communities requesting participation in the program, it is anticipated that this will be an integral part of their plan. For states, the focus of their early childhood initiative should include a community-based approach with local entities serving as the primary vehicles for decision-making and implementation of the initiative at the local level;
- c) **For ALL Children:** While it is anticipated that the majority of resources in any early childhood initiative will be focused primarily on low-income and at-risk children, potential grantees should develop their initiatives in a way that supports the development of ALL young children;
- d) **Comprehensive:** Potential grantees at the state or community level should be developing an initiative that is comprehensive in its focus, incorporating goals and integrating services in a manner that builds the quality, affordability, and accessibility of child care, assures access to health and developmental services

---

**Info:** for young children, and strengthens the family's ability to meet the developmental needs of their children.

## EDUCATION

### McGraw-Hill

#### 2002 Prize in Education

**Program:** The McGraw Prize will honor individuals whose accomplishments show results by helping students of all ethnic and socio-economic groups build the capacity to meet higher standards. See web link for further details.

**Funds:** Up to three \$25,000 prizes are awarded annually.

**Deadline:** March 15, 2002.

**Eligible:** Only individuals who are presently committed to the cause of education are eligible. (Institutions, advocacy boards, organizations, and other groups are not eligible.) Nominees, who need not be professional educators, may be nominated in the areas of teaching, administration, policy planning, business, and government.

**Info:** Harold W. McGraw, Jr. Prize in Education, The McGraw-Hill Companies,  
1221 Avenue of the Americas, 47th Floor, New York, 10020-1095  
[http://www.mcgraw-hill.com/community/mcgraw\\_prize/2001/nomination.html](http://www.mcgraw-hill.com/community/mcgraw_prize/2001/nomination.html)

### 3M

#### 3M Salute to Schools Program

**Program:** Schools seeking to protect library media center equipment can get security products under the 3M Salute to Schools grant program.

**Funds:** 3M will provide up to two 3M Detection Systems for the entrance/exit of their library media centers and a supply of Tattle-Tape Security Strips for marking materials—a package with an average value of about \$15,000.

**Deadline:** March 1, 2002.

**Eligible:**

- ✓ School must be a junior/middle or senior high school with an enrollment of 500 or more students.
- ✓ School must employ a full-time, state-certified library media specialist.
- ✓ Library media center must be open to all students throughout the school day.
- ✓ Library media center must have a collection of 5,000 or more items.
- ✓ Library media center must meet physical requirements for installation.
- ✓ Library media center must have **no more than two entrances/exits that need to be protected**.

**Info:** “3M Salute to Schools”, contact: AASL Awards Program, Phone: 800-545-2433, ext. 4383, Email: [aasl@ala.org](mailto:aasl@ala.org),  
Link: <http://www.3m.com/market/security/library/press/releases/callforEntries.jhtml>

### Department of Education

#### Fund for the Improvement of Postsecondary Education

#### CFDA Nos. 84.116A, 84.116B

**Program:** Grants or cooperative agreements will be awarded to improve postsecondary education opportunities in the following priority areas:

- ✓ Invitational Priority 1: Projects to improve the quality of K-12 teaching through new models of teacher preparation and through new kinds of partnerships between schools and colleges and universities that enhance students' preparation for, access to, and success in college.
- ✓ Invitational Priority 2: Projects to promote innovative reforms in the curriculum and instruction at the college preparation, undergraduate, and graduate/ professional levels, especially through student-centered or technology- mediated strategies.
- ✓ Invitational Priority 3: Projects designing more cost-effective ways of improving postsecondary instruction and operations, i.e., to promote more student learning relative to institutional resources expended.

- 
- ✓ **Invitational Priority 4:** Projects to support new ways of ensuring equal access to postsecondary education, and to improve rates of retention and program completion, especially for underrepresented students whose retention and completion rates continue to lag behind those of other groups.
- Funds:** Total available funds: \$9,958,000.  
Estimated range of awards: \$50,000-\$275,000 per year.  
Estimated average size of awards: \$156,000 per year.  
Estimated number of awards: 60-65.
- Deadline:** Preapplications: March 13, 2002.  
Final applications: May 24, 2002
- Eligible:** Institutions of higher education or combinations of those institutions and other public and private nonprofit institutions and agencies.
- Info:** Fund for the Improvement of Postsecondary Education (FIPSE), U.S. Department of Education, 1990 K Street, NW., Washington, DC 20006-8544, Phone: (202) 502-7500, Link: [http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002\\_register&docid=02-2762-filed](http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-2762-filed)
- FR:** *The application text and forms may be obtained from the Internet address: <http://www.ed.gov/FIPSE/>.*  
2/6 5570-5572

## ENVIROMENT

### **Department of Energy/Office of Energy Efficiency and Renewable Energy State Energy Program Special Projects Financial Assistance**

- Program:** With this publication, DOE is announcing the availability of an estimated \$18.5 million in financial assistance funds for fiscal year 2002. The awards will be made through a competitive process. The sector programs that are participating in the SEP Special Projects for fiscal year 2002, with the estimated amount of funding available for each, are as follows:
- ✓ **Clean Cities/Alternative Fuels:** Accelerating the introduction and increasing the use of alternative fuels and alternative fuel vehicles through the development of infrastructure, niche markets, and clean corridors, and by promoting the use of advanced transportation technologies. (\$4,500,000)
  - ✓ **Industrial Technologies:** Implementing Industries of the Future at the State level by building partnerships among State government agencies, industry, universities and research institutions: to develop new technologies tied to Industries of the Future road maps and visions; and to utilize best practices which can improve energy efficiency, environmental performance and productivity. (\$3,000,000)
  - ✓ **Codes and Standards:** Supporting States' actions to update, implement, and enforce residential and commercial building energy codes. (\$1,800,000)
  - ✓ **Rebuild America:** Helping community and regional partnerships achieve their objectives through energy efficiency and energy technology solutions in buildings for K-12 schools, colleges/ universities, state/local governments, commercial and multifamily housing. (\$2,500,000)
  - ✓ **Building America:** Applying systems engineering approaches to the development of advanced residential buildings, including production techniques, products, and technologies that result in higher quality, energy-efficient housing. (\$300,000)
  - ✓ **Federal Energy Management Program:** Working to reduce the cost and environmental impact of government by advancing energy efficiency and water conservation, promoting the use of distributed and renewable energy, and improving utility management decisions at Federal sites. (\$500,000)
  - ✓ **Uninterrupted Power Source (UPS):** Collaborating with the States and Territories in the siting and development of hydrogen fuel cells of 1 to 5 kilowatts in size to better understand the performance, maintenance, operation, and economic viability of these systems as uninterruptable power source systems. (\$200,000)
  - ✓ **Power Park:** Determining if the Power Park concept of hydrogen production from natural gas or municipal solid waste reforming (continental U.S.) or renewable resources for islands, villages, and

---

*For more information about the Funding Update, contact Michelle Kweder; 635-3817  
or e-mail: [michelle.kweder@ci.boston.ma.us](mailto:michelle.kweder@ci.boston.ma.us). Also access the Funding Update on the City of Boston's  
webpage: <http://www.cityofboston.com/intergovernmental/>*

- 
- remote areas is economically viable as a clean technology that can co-produce hydrogen fuel for stationary hydrogen fuel cells and reciprocating engines for hydrogen fuel cell cars. (\$450,000)
- ✓ Hydrogen Compressors, Storage, and Dispensers: Testing the ability of a hydrogen generation system to fuel buses and/or light and heavy duty vehicle storage tanks. (\$350,000)
  - ✓ Solar Powered Security: Developing photovoltaic-powered application hardware for protecting our power delivery systems (e.g. pipelines, and national grid). (\$200,000)
  - ✓ Solar Schools Demonstration and Educational Outreach: Incorporating new solar energy generation into the schools energy mix and incorporating learning about solar and renewables into the State educational curriculum for schools. (\$300,000)
  - ✓ Zero Energy Homes: Designing, building and/or showcasing one or more currently marketable Zero Energy Homes in conjunction with local partners such as homebuilders, universities, and utilities. (\$200,000)
  - ✓ Million Solar Roofs Initiative--Small Grant Program for State Partnerships: Assisting the Million Solar Roofs Initiative (MSR) State Partnerships in developing and implementing programs to further the use of solar energy on buildings. (\$500,000)
  - ✓ State Wind Energy Support: Proposals from States are sought for (1) wind resource assessment efforts to enable producing more accurate and detailed state wind maps, (2) wind resource data collection using existing tall towers (100 meters or taller preferred), and (3) activities to overcome barriers to use of small wind systems. (\$770,000)
  - ✓ Distributed Energy Resources Electrical Interconnection: Developing education and/or training materials (video tapes with hard copy manuals), on the process of interconnecting new Distributed Generation systems with the electrical grid (distribution and transmission levels), and permitting such installations. (\$55,000)
  - ✓ Distributed Energy Resources Technologies: Undertaking distributed generation projects that will support Regional and/or State restructuring activities as well as accelerating the installation of new distributed generation facilities. (\$1,240,000)
  - ✓ Superconductivity Program Information Dissemination and Outreach Activities to State Agencies: Encouraging activities to broaden the national effort and deliver the accomplishments of the Superconductivity Program to the State and local level. (\$435,000)
  - ✓ State Geothermal Energy Support: Proposals from States are sought for (1) projects that involve case studies of the benefits and costs of deployment of geothermal direct use or electric generation projects in the Western U.S.; (2) projects that involve providing public access to information about geothermal energy resources, technologies, and economics, and (3) projects that involve the creation of expert teams to conduct "trade missions" designed to inform community leaders of the potential for geothermal development in their area of the state. (\$475,000)
  - ✓ Energy Storage for Transmission Congestion Relief, Price Response, and System Security: Evaluating the feasibility and potential economic advantages of deferring power transmission system upgrades and relieving transmission congestion using modern electricity storage technologies. (\$125,000)
  - ✓ Biofuels for Power Generation: Assessing the feasibility of site-specific power projects using biofuels and/or implementing actual site-specific biopower projects. (\$600,000)

**Funds:** See above.

**Deadline:** March 15, 2002.

**Eligible:** Eligible applicants for purposes of funding under this program are limited to the 50 States.

**Info:** For referral to the appropriate DOE Regional Office or State Office, you may contact Mr. Eric W. Thomas, (202) 586-2242, or Ms. Faith Lambert, (202) 586-2319, at the U.S. Department of Energy Headquarters, 1000 Independence Avenue, SW., Washington, DC 20585, Link: [http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002\\_register&docid=02-2599-filed](http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-2599-filed)

**FR:** 2/4 5101-5103

### **Citizens Monitoring and Technical Assessment Fund**

#### **2002 Request for Proposals**

**Program:** Established to provide money to nonprofit, non-governmental organizations and federally recognized tribal

---

*For more information about the Funding Update, contact Michelle Kweder; 635-3817  
or e-mail: [michelle.kweder@ci.boston.ma.us](mailto:michelle.kweder@ci.boston.ma.us). Also access the Funding Update on the City of Boston's  
webpage: <http://www.cityofboston.com/intergovernmental/>*

---

governments working on issues related to the nuclear weapons complex, the Citizens Monitoring and Technical Assessment Fund is currently accepting applications for its 2002 round of funding. The fund is administered by RESOLVE, Inc., a nonprofit dispute resolution organization with special expertise in the environmental arena.

The fund is accepting proposals to provide monies to eligible organizations to procure technical and scientific assistance to perform reviews and analyses of environmental management activities at U.S. Department of Energy sites. Monies from the fund may also be used to support the dissemination of technical and scientific reviews and analyses undertaken with monies from the fund, but may not be used to conduct litigation, lobbying, or fundraising.

**Funds:** Total funds available: up to \$1 million.  
Maximum grant award: \$50,000.

**Deadline:** Letters of intent: February 28, 2002.

**Eligible:** Nonprofit, non-governmental organizations and federally recognized tribal governments working on issues related to the DOE nuclear weapons complex are eligible to apply. Priority will be given to eligible community groups, groups that have limited technological resources, and groups that may be disenfranchised" or "disproportionately affected" by environmental management activities at DOE sites. Organizations and communities of color and low-income communities and organizations are encouraged to apply.

**Info:** Citizens Monitoring and Technical Assessment Fund, c/o RESOLVE  
1255 23rd Street, NW, Suite 275, Washington, DC 20037, Phone: (202) 965-6389  
Email: [mta-fund@resolve.org](mailto:mta-fund@resolve.org), Link: <http://www.resolve.org/mta>

#### **Environmental Protection Agency**

##### **Mobile Source Outreach Assistance Competition Fiscal Year 2002**

**Program:** This Notice announces the availability of funding and solicits proposals from state, local, multi-state and tribal air pollution control agencies for mobile source-related public education and outreach projects.

**Funds:** Total funds available: \$550,000.  
Maximum grant award: \$100,000.  
Anticipated number of awards: 8.

**Deadline:** Intent to apply: February 22, 2002.  
Full proposals: April 15, 2002

**Eligible:** Air pollution control agencies as defined under section 302(b) of the Clean Air Act, (for projects to be undertaken which will have replicability to other communities nationally), as well as multi- state organizations supporting section 302(b) agencies. *OTAQ has no discretion over this requirement. Interested air management, non-governmental or related organizations which are not air pollution control agencies as defined under section 302(b) of the Clean Air Act are encouraged to create partnerships with eligible organizations. In that situation, the eligible organization would be required to submit the final proposal and serve as the funding recipient if selected.*

**Info:** Susan Bullard, Director of Outreach, USEPA Office of Transportation and Air Quality (OTAQ), 1200 Pennsylvania Avenue NW., (mail code 6406J), Washington, DC, 20460, Phone (202) 564-9856, Fax (202) 565-2085, Email: [bullard.susan@epa.gov](mailto:bullard.susan@epa.gov)

**FR:** 2/4 5117-5119

#### **HEALTH**

#### **Center for Health Care Strategies**

##### **Medicaid Managed Care Program Grants**

**Program:** Through the Medicaid Managed Care Program, a \$60 million national initiative of the Robert Wood Johnson Foundation, the Center for Health Care Strategies provides training, technical assistance, and grants to states, health plans, and consumer groups to help strengthen publicly financed managed care. The Medicaid Managed Care Program is making \$11 million in funding available to support innovation and to shape best practices in publicly financed managed care. CHCS invites proposals under two complementary funding

---

initiatives:

- ✓ Model Demonstration Grants will focus on three areas: behavioral and general health coordination; and managed long-term care. Applicants must use the three-year model demonstration grants to develop cross-stakeholder collaborations with states, health plans, consumer groups, and provider organizations. Funding will be used for planning and for demonstration sites. Applicants also must be able to provide 50 percent match funding from other resources, including federal funds or in-kind contributions. Applicants that apply for model demonstration grants must demonstrate statewide or regional commitment among stakeholders.
- ✓ Best Practices Grants should identify or develop and test operationally relevant, innovative practices that address one or more of CHCS' five quality aims. Policy studies funded in this area may provide analysis of market trends or of federal, state, and health plan policies, or may take the form of guides documenting best practices in management and operations of Medicaid and SCHIP managed care.

**Funds:** Model Demonstration Grants: CHCS has funding available for up to nine model demonstration grants of up to \$700,000  
Best Practices Grants: CHCS will accept proposals of up to \$100,000

**Deadline:** Best Practices Grants: Deadline for the Expression of Interest form is February 15, 2002.  
Model Demonstration Grants: Proposal submission deadlines are April 1, 2002.

**Eligible:** Best Practices Grants: state Medicaid and SCHIP agencies, health plans, consumer organizations, health services researchers, and policy analysts for best practice projects.  
Model Demonstration Grants: states.

**Info:** Center for Health Care Strategies, 1009 Lenox Drive, Suite 204 ,Lawrenceville, NJ 08648  
Tel: (609) 895-8101, E-mail: [mail@chcs.org](mailto:mail@chcs.org) , <http://www.chcs.org/grantinfo/mmcp.html>

#### **Archstone Foundation**

##### **Award Honoring Best Practice Models in Aging and Health**

**Program:** The Archstone Foundation is now accepting nominations for the 2002 Archstone Foundation Award for Excellence in Program Innovation. The award is designed to identify best-practice models in the field of aging and health. Emphasis will be given to those programs (in operation ten years or less, but long enough to have documented results) that have effectively linked academic theory with applied practice in the field of public health and aging. The winner is expected to attend the 130th annual meeting of the American Public Health Association in Philadelphia, November 9-13, 2002, and make a presentation in a special Gerontological Health Section Award Session. Honorable mention to other finalists may be awarded.

**Funds:** The winner will receive a \$1,000 cash award. Each honorable mention will receive a \$250 cash award.

**Deadline:** April 1, 2002.

**Eligible:** The criteria for award selection includes creativity in project design; documented outcomes and benefits of the program; replication potential; and dissemination strategy.  
Only one program may be nominated per agency or organization.

**Info:** Archstone Foundation, 401 E. Ocean Blvd., Suite 1000 , Long Beach, CA 90802, Phone: (562) 590-8655, Link: <http://www.archstone.org>

#### **ADA Health Foundation**

##### **Children's Oral Health Education and Promotion Program**

**Program:** The mission of the ADA Health Foundation, the charitable arm of the American Dental Association, is to enhance clinical dentistry and, in turn, the oral health of the American public. The foundation accomplishes this mission by providing grants for dental research, educational programs, scholarships, and access programs. The ADAHF's Harris Fund for Children's Dental Health is a permanent endowment fund dedicated to preventing dental caries and other oral diseases of children.

**Funds:** Maximum grant award: \$5,000.

**Deadline:** July 31, 2002.

**Eligible:** Community-based, not-for-profit, oral health promotion programs in the United States and its territories.

**Info:** ADA Health Foundation, 211 East Chicago Avenue ,Chicago, IL 60611-2616, Phone: (312) 440-2544, Link:

**Department of Health and Human Services/Health Resources and Services Administration**

**Availability of Funds**

**Program:** This notice describes funding and application deadlines for the following HRSA programs:

Physician Assistant Training in Primary Care 93.886:

Grants are awarded for projects for the training of physician assistants and for the training of individuals who will teach in physician assistant training programs. The program assists schools to meet the costs of projects to plan, develop, and operate or maintain such programs.

*Eligibility:* Accredited schools of medicine, osteopathic medicine, or other public or private nonprofit entities are eligible to apply. Eligible physician assistant training programs are those which are accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or its successor organization, the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and meet the criteria set forth in sec. 799B(3) 42 USC 295p(3).

Predoctoral Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.896

Grants are awarded to assist schools of medicine or osteopathic medicine in meeting the costs of projects to plan, develop, and operate or participate in, an approved predoctoral training program in the field of family medicine, general internal medicine, and general pediatrics. Proposed projects are encouraged to seek to expand and enhance the quality of predoctoral initiatives: (1) Innovation, (2) Comprehensive Models, and (3) Establishment and Expansion of Required Clerkships.

*Eligibility:* Any accredited public or nonprofit private school of allopathic medicine or osteopathic medicine is eligible to apply.

Residency Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.884

Grants are awarded to assist family medicine, general internal medicine, and general pediatrics residency programs to expand and enhance the quality of training programs that prepare graduates to enter primary care practice. Residency training programs are encouraged to emphasize national innovations aimed at primary care residency education across disciplines.

*Eligibility:* Accredited public or private nonprofit schools of allopathic medicine or osteopathic medicine, or public or private nonprofit hospitals, or other public or private nonprofit entities are eligible.

Residencies in The Practice of Pediatric Dentistry 93.248 and Residencies and Advanced Education in The Practice of General Dentistry 93.897

These programs will provide grants to assist schools in planning, developing, or operating programs, to increase the number of training opportunities, and to provide financial assistance to residents in post-doctoral general and pediatric dentistry. These programs encourage: (1) Practice in underserved areas; (2) provision of a broad range of pediatric and/or general practice dental services; (3) coordination and integration of care; (4) meeting the needs of special populations; and (5) recruitment and retention of underrepresented minorities. Applicants are encouraged to describe the manner in which the graduates of general dentistry residency will be well trained in meeting the treatment needs of the pediatric/general patient populations. All applications will be reviewed together as a single group during the peer review process.

*Eligibility:* Eligible applicants for a grant for residency training in the practice of pediatric or general dentistry include entities that have programs in dental schools, approved residency programs in the pediatric or general practice of dentistry, or approved advanced education programs in the pediatric or general practice of dentistry.

Academic Administrative Units in Primary Care (Family Medicine) 93.984

Title VII authorizes funds to establish or expand teaching capacity in family medicine. Grant support is awarded to meet the costs of projects to establish, maintain, or improve academic administrative units (which may be departments, divisions, or other units) to provide clinical instruction in family medicine. Applications

---

are being solicited for projects to address one or more of the following program purposes: (1) To establish an academic unit, (2) to expand an academic unit, or (3) to develop research infrastructure within an academic unit.

*Eligibility:* Public or private nonprofit accredited schools of allopathic medicine or osteopathic medicine are eligible to apply.

Faculty Development Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.895

Grants are awarded to plan, develop, and operate a program for the training of physicians who plan to teach in family medicine (including geriatrics), general internal medicine, general pediatrics, and to provide financial assistance (in the form of traineeships and fellowships) to physicians who are participating in any such program.

*Eligibility:* Accredited schools of medicine or osteopathic medicine, public or private nonprofit hospitals, or other public or private nonprofit entities are eligible to apply.

Public Health Training Centers Grant Program 93.249

The goal of the Public Health Training Centers Grant Program is to improve the Nation's public health system by strengthening the technical, scientific, managerial, and leadership competencies and capabilities of the current and future public health workforce. Emphasis is placed on developing the existing public health workforce as a foundation for improving the infrastructure of the public health system and helping achieve the Healthy People 2010 Objectives. Public health training center applicants must agree to: (1) Specifically designate a geographic area, including medically underserved populations, e.g., elderly, immigrants/refugees, disadvantaged, to be served by the Center that shall be in a location removed from the main location of the teaching facility of the school participating in the program with such Center; (2) assess the public health personnel needs of the area to be served by the Center and assist in the planning, development, and delivery of training programs to meet such needs; (3) establish or strengthen field placements for students in public or nonprofit private public health agencies or organizations; and (4) involve faculty members and students in collaborative projects to enhance public health services to medically underserved communities.

*Eligibility:* Eligible applicants include accredited schools of public health or other public or nonprofit private institutions accredited for the provision of graduate or specialized training in public health.

Public Health Traineeship Grants 93.964

The Public Health Traineeship Grants are awarded to accredited schools of public health, and to other public or nonprofit private institutions accredited for the provision of graduate or specialized training in public health, to provide traineeships to individuals pursuing a course of study in a public health profession in which there is a severe shortage of health professionals (including the fields of epidemiology, environmental health, biostatistics, toxicology, nutrition, and maternal and child health). Traineeships are used to assist students in the cited public health professions where there are documented shortages and to prepare graduates for employment in underserved areas.

*Eligibility:* Eligible applicants include: (1) Accredited schools and programs of public health and other appropriate public or nonprofit private institutions accredited by the Council on Education for Public Health; and (2) other public or nonprofit private institutions accredited by a body recognized for this purpose by the Secretary of the Department of Education.

Health Education and Training Centers 93.189

Grants are awarded to support projects that address the persistent and unmet health care needs in States along the border between the United States and Mexico and in the State of Florida, and in other urban and rural areas with populations with serious unmet health care needs. The HETC program emphasizes: (1) Use of community-based approaches to improve the health status and life expectancy of low-income and minority populations in severely underserved areas, (2) educational incentives to train students and attract and retain health care personnel, and (3) health promotion and disease prevention strategies that integrate public health and health education services in the areas described.

---

*Eligibility:* Public or private nonprofit, accredited schools of medicine and osteopathic medicine, and incorporated consortia of such schools or the parent institution of such schools are eligible applicants. In States in which no area health education centers program is in operation, an accredited school of nursing is also an eligible applicant. The academic institution shall collaborate with 2 or more disciplines.

#### Allied Health Projects 93.191

Grants are awarded to assist eligible entities in meeting the costs associated with expanding or establishing programs that will: (1) expand enrollments in allied health disciplines that are in short supply or whose services are most needed by the elderly; (2) provide rapid transition training programs in allied health fields to individuals who have baccalaureate degrees in health-related sciences; (3) establish community-based training programs that link academic centers to rural clinical settings; (4) provide career advancement training for practicing allied health professionals; (5) expand or establish clinical training sites for allied health professionals in medically underserved or rural communities in order to increase the number of individuals trained; (6) develop curriculum that will emphasize knowledge and practice in the areas of prevention and health promotion, geriatrics, long-term care, home health and hospice care, and ethics; (7) expand or establish interdisciplinary training programs that promote the effectiveness of allied health practitioners in geriatric assessment and the rehabilitation of the elderly; (8) expand or establish demonstration centers to emphasize innovative models to link allied health, clinical practice, education, and research; and (9) meet the costs of projects to plan, develop, and operate or maintain graduate programs in behavioral and mental health practice.

*Eligibility:* Eligible entities are health professions schools, academic health centers, State or local governments, or other public or private nonprofit entities. Eligible academic institutions are also required to use funds in collaboration with two or more disciplines.

#### Geriatric Education Centers 93.969

Grants are given to support the development of collaborative arrangements involving several health professions schools and health care facilities. These arrangements, called Geriatric Education Centers (GECs), facilitate training of health professional faculty, students, and practitioners in the diagnosis, treatment, prevention of disease, disability, and other health problems of the aged. Projects supported under these grants must offer training involving four or more health professions, one of which must be allopathic or osteopathic medicine. Health professions include allopathic physicians, osteopathic physicians, dentists, optometrists, podiatrists, pharmacists, nurses, nurse practitioners, physician assistants, chiropractors, clinical psychologists, health administrators, and allied health professionals including professional counselors and social workers.

*Eligibility:* Grants may be made to accredited health professions schools which includes, among others, schools of medicine, schools of dentistry, schools of osteopathic medicine, schools of pharmacy, schools of optometry, schools of podiatric medicine, schools of veterinary medicine, schools of public health, and schools of chiropractic. Grants may also be made to accredited graduate programs in clinical psychology, clinical social work, health administration, and behavioral health and mental health practice as defined in 799(B)(1)(B)-(E). Programs for the training of physician assistants as defined by section 799(B)(3), or schools of allied health as defined by section 799B(4), or schools of nursing may also apply.

#### Geriatric Academic Career Awards 93.250

The purpose of this program is to increase the number of junior faculty in geriatrics at accredited schools of medicine and osteopathic medicine and to promote their careers as academic geriatricians. Award recipients agree to serve as members of the faculties of accredited schools of allopathic or osteopathic medicine providing teaching services, within the service requirements under this award, for up to 5 years. Prior to submitting an application for the Geriatric Academic Career Award, individuals must have an agreement with an eligible school setting forth the terms and conditions of the award. The agreement with the school must permit the individual to serve as a full-time (as determined by the school) member of the faculty, for not less than the period of the award. Individual who receives an award shall provide training in clinical geriatrics, including the training of interdisciplinary teams of health care professionals.

*Eligibility:* Geriatric Academic Career Awards are provided for individuals who meet the following criteria: (1)

---

Are board certified or board eligible in internal medicine, family practice, or psychiatry; (2) have completed an approved fellowship program in geriatrics; and (3) have a junior faculty appointment at an accredited school of medicine (allopathic or osteopathic).

- Funds:**
- ✓ Physician Assistant Training in Primary Care 93.886: Average size of awards: \$150,000, Estimated number of awards: 3.
  - ✓ Predoctoral Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.896 : Average size of awards: \$145,000;
  - ✓ Residency Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.884 : Average size of awards: \$150,000;
  - ✓ Residencies in The Practice of Pediatric Dentistry 93.248 and Residencies and Advanced Education in The Practice of General Dentistry 93.897: Average size of awards: \$110,000;
  - ✓ Academic Administrative Units in Primary Care (Family Medicine) 93.984: Estimate or Average Size of Each Award: \$150,000;
  - ✓ Faculty Development Training in Primary Care (Family Medicine, General Internal Medicine/General Pediatrics) 93.895: Estimated or Average Size of Each Award: Family Medicine, \$156,000; General Internal Medicine/General Pediatrics, \$156,000;
  - ✓ Public Health Training Centers Grant Program 93.249: Average size of awards: \$350,000;
  - ✓ Public Health Traineeship Grants 93.964: Average size of awards: \$55,241;
  - ✓ Health Education and Training Centers 93.189: Estimated or Average Size of Each Award: \$275,000;
  - ✓ Allied Health Projects 93.191: Average size of grant: \$115,000.
  - ✓ Geriatric Education Centers 93.969: \$200,000 for single applications and \$400,000 for consortium applications.
- Deadline:**
- ✓ Geriatric Academic Career Awards 93.250: \$225,000. Three awards to be awarded.
  - ✓ Physician Assistant Training in Primary Care 93.886: March 11, 2002;

---

**Program Announcement 02029**

**Program:** The purpose of this program is to support the development and implementation of a national program to promote the use of vitamin folic acid for the prevention of spina bifida and other neural tube defects. This program will improve the knowledge and awareness of health care providers, public and private health organizations, and women of reproductive age about reducing birth defects by promoting the use of folic acid.

**Funds:** Total funds available: \$200,000.  
Number of awards: 1.

**Deadline:** Letter of intent: February 28, 2002.  
Full proposal: March 29, 2002.

**Eligible:** Public and private nonprofit organizations and by governments and their agencies; that is, universities, colleges, research institutions, hospitals, other public and private nonprofit organizations, State and local governments or their bona fide agents.

**Info:** [http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002\\_register&docid=02-2937-filed](http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-2937-filed)

**Department of Health and Human Services/Centers for Disease Control and Prevention**  
**Cooperative Agreement for a National Professional Organization for Persons with Developmental Disabilities**  
**Program Announcement 02026**

**Program:** The purpose of the program is to strengthen the nation's capacity to carry out public health activities in the areas of birth defects and developmental disabilities. The objectives are to: (1) Facilitate state-based surveillance and research of birth defects and developmental disabilities, to assure time-sensitive services are provided and effective clinical and environmental interventions are made available; (2) increase access to social participation of children and adults with disabilities through advocacy and public policy development; and (3) train public health professionals to strengthen the nation's expertise in the fields of birth defects, developmental disabilities, and children and adults with disabilities.

**Funds:** Total funds available: \$200,000.  
Number of awards: 1.

**Deadline:** Letter of Intent: February 28, 2002.  
Full Application: March 28, 2002.

**Eligible:** National professional organizations, with a large and broad-based membership representing professionals working with state public health agencies and academic communities in the areas of birth defects and developmental disabilities as well as consumers of these services. To be eligible, applicants must demonstrate that the mission of the organization is explicitly committed to improving and developing state and national health policy in birth defects and developmental disabilities throughout the United States, by focusing their efforts on helping to strengthen and build capacity and infrastructure of state agencies responsible for surveillance, applied research, and training.

## **NONPROFITS & SOCIAL CHANGE**

### **i2Foundation**

#### **Grants**

**Program:** One of the major priorities of the i2Foundation is to contribute to society through the development and education of children and youth. The foundation, however, recognizes that issues are complex and interconnected and therefore is open to receiving proposals related to a wide array of issues including: poverty, hunger, illiteracy, education, youth violence, violence against women, early child development, environmental preservation, scientific research and improved healthcare.

**Funds:** Grants will range in size from \$5,000 to \$50,000. Grants are for one year. Currently the Foundation does not award multi-year grants.

**Deadline:** February 25, 2002.

**Eligible:**

- ✓ Only non-profit, tax-exempt organizations founded for educational and charitable purposes.
- ✓ Focus will be on organizations whose mission aligns closely with that of the i2Foundation.
- ✓ Organizations that have a long-term commitment and emphasis on sustainability.
- ✓ Organizations that approach issues in a unique and innovative manner.
- ✓ Organizations that have the ability to innovate and adapt.
- ✓ Cost-effective organizations.

**Info:** The Grants Program, The i2Foundation, 11511 Luna Road, Suite 1400  
Dallas TX 75234. Email: [bindu\\_nambiar@i2.com](mailto:bindu_nambiar@i2.com), Link: <http://www.i2foundation.org>,

## **WORKFORCE DEVELOPMENT**

### **Department of Labor/Office of the Assistant Secretary for Veterans**

#### **Veterans' Workforce Investment Program (VWIP), Program Year 2001--Female Veterans Program Competitive Grants SGA 02-02**

**Program:** The grants awarded under this SGA are intended to address two objectives: (1) To provide services to assist in reintegrating female veterans into meaningful employment within the labor force; and (2) to stimulate the development of effective service delivery systems that will address the complex problems facing female veterans trying to transition into non-traditional employment.

**Funds:** Total funds available: \$400,000.  
Anticipated amount of award: \$200,000.  
Anticipated number of awards: 2.

**Deadline:** March 8, 2002.

**Eligible:** State and local workforce investment boards, local public agencies, and private nonprofit organizations, including faith-based and community organizations, which have familiarity with the area and populations to be served and can administer an effective program.

**Info:** Link: <http://www.tgci.com/fedrgtxt/02-2642.txt>

**FR:** 2/6 5642-5668

## **YOUTH**

---

**Department of Justice/Office of Juvenile Justice and Delinquency Prevention  
Juvenile Mentoring Program Discretionary Competitive Assistance Program**

**Program:** The JUMP program supports one-to-one mentoring projects for youth at risk of failing in school, dropping out of school, or being involved in delinquent activities, including gang participation and substance use. The goals of JUMP are to reduce juvenile delinquent activities and gang participation, improve academic performance, and reduce the dropout rate through a one-to-one, supportive relationship between an adult and an at-risk youth. OJJDP will give priority in the selection process to applicants that can demonstrate that the population being served is "high risk" using one of three criteria, including a disproportionately high arrest rate within the target area, disproportionately high dropout rates in the targeted schools, and schools with 60 percent or more youth eligible for Chapter 1 funding.

**Funds:** Applicants selected for funding will receive a one-time award of up to \$220,000 for a 3-year project and budget period.

**Deadline:** March 25, 2002.

**Eligible:** Local education agencies (LEAs), public agencies, private for-profit or nonprofit organizations, and tribal nations that can demonstrate knowledge of and/or experience with mentoring programs, volunteers, and programming for at-risk youth.

**Info:** Travis Cain, Program Manager, Office of Juvenile Justice and Delinquency Prevention, Phone: 202-307-5914, Link: [http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002\\_register&docid=02-3115-filed](http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-3115-filed)  
A limited number of copies of the JUMP Discretionary Program Announcement and the OJJDP Application Kit are also available from the Juvenile Justice Clearinghouse by calling 800-638-8736 or sending an e-mail request to [puborder@ncjrs.org](mailto:puborder@ncjrs.org).

**FR:** 2/8 6053

**City of Boston/Office of Community Partnerships  
Mayor Menino's Come Out & Play Fund**

**Program:** Funding is for activities that occur between June 1 and October 31, 2002. MMPF will support recreational activities that are located in the City of Boston, that directly engage City of Boston children and that are coordinated by individuals living within Boston's neighborhoods. These activities must take place in a public space, must be available free-of-charge and must be open to all neighborhood children ages five to twelve. COPF will not support one-day events, celebrations or field trips.

Activities may include, but are not limited to:

- ✓ Recreational: sidewalk chalk drawing, athletics, play groups;
- ✓ Cultural: painting, arts and crafts, drama, music;
- ✓ Environmental: community gardening; and
- ✓ Educational: education-oriented workshops and demonstrations.

**Funds:** Maximum grant size: \$1,500.

**Deadline:** March 29, 2002.

**Eligible:** All applicants must be sponsored by a community-based organization which has non-profit 501(c)3 status which will serve as a fiscal agent. Community centers and boys and girls clubs are all non-profit organizations that could serve this role.

**Info:** Cuong P. Hoang, Youth Funds Manager, Office of Community Partnerships, 43 Hawkins Street, Floor 3B, Boston, MA 02114, Phone: (617) 635-2258, Email: [Cuong.Hoang@CityofBoston.gov](mailto:Cuong.Hoang@CityofBoston.gov), Link: <http://www.cityofboston.gov/communitypartnerships/copf.asp>

*Information Sessions:*

- *Monday, February 25 from 6:30pm to 8:00pm in the Boston Redevelopment Authority Board Room, City Hall 9th Floor. Attendees should enter City Hall from Congress Street (opposite Faneuil Hall)*
- *A second information session (identical to the first) will be held on Saturday, March 2 from 10am to 11:30am in Conference Room CO5, Boston Public Library, 700 Boylston*

---
